# Terms of Use

The terms of use for this study can be found at:  
<http://www.icpsr.umich.edu/web/ICPSR/studies/37166/terms>

## Information about Copyrighted Content

Some instruments administered for studies archived with ICPSR may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

### NOTICE

#### WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

## ICPSR PROCESSING NOTES FOR #37166

*Generations: A Study of the Life and Health of LGB People in a Changing Society, United States, 2016-2019*

*DS 5: Generations Wave 3 Public-Use Data*

1. **Confidentiality/Disclosure Risk:** In order to protect respondent anonymity and prevent disclosure risk, ICPSR masked responses for variables **GMSANAME**, **GZIPCODE**, **GZIPSTATE**, **W3Q50\_V\_VERB**, **W3Q52\_V\_VERB**, and **W3Q136\_V\_VERB** in the public versions of the data. Confidential information has been replaced by "MASKED BY ICPSR."
2. **Undocumented Code:** The variables **W3Q116\_NONE**, **W3Q117\_NONE**, and **W3Q136\_V\_VERB** appear in the data, but not in the P.I. documentation. No additional information was provided.
3. **Variable Inconsistency:** The following variables are inconsistent between the supplied data and codebooks.
  - a. Variables **W3Q21\_V\_VERB**, **W3Q50\_V\_VERB**, and **W3Q52\_V\_VERB** in the data refer to **W3Q21\_T\_VERB**, **W3Q50\_T\_VERB**, and **W3Q52\_T\_VERB** in the codebook.
  - b. Variable **W3Q40B\_V\_VERB** in the data refers to **W3Q40\_T\_VERB** in the codebook.
  - c. Variables **W3Q100I\_1** and **W3Q100I\_2** in the data refer to **W3Q100** in the codebook.
4. **Truncated Variable Labels:** Due to the limits of the statistical packages, some variable labels are truncated in the data files. Please refer to the documentation for complete variable labels.
5. **Truncated Value Labels:** Due to the limits of the statistical packages, some value labels are truncated. Please refer to the documentation for complete value labels.
6. **Additional Information:** For additional information on "Generations: A Study of the Life and Health of LGB People in a Changing Society, United States, 2016-2019," please visit the [Generations](#) study website.

# **ICPSR 37166**

## **Generations: A Study of the Life and Health of LGB People in a Changing Society, United States, 2016-2019**

### **Variable Description and Frequencies**

**Note: Frequencies displayed for the variables are not weighted. They are purely descriptive and may not be representative of the study population. Please review any sampling or weighting information available with the study.**

**Summary statistics (minimum, maximum, arithmetic mean, median, mode, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.**

Based upon 693 valid cases out of 707 total cases.

- Minimum: 1.00
- Maximum: 7.00

Location: 898-898 (width: 1; decimal: 0)

Variable Type: numeric

### W3Q130: In most ways, my life is close to my ideal.

In this survey we focused on some negative aspects of life and health problems because these are important to address by public health and policy makers, but highly challenging life circumstances can also lead to significant positive change. Please rate your level of agreement with the following items.

Value	Label	Unweighted Frequency	%
1	Strongly disagree	74	10.5 %
2	Moderately disagree	92	13.0 %
3	Slightly disagree	82	11.6 %
4	Neither agree nor disagree	56	7.9 %
5	Slightly agree	138	19.5 %
6	Moderately agree	165	23.3 %
7	Strongly agree	86	12.2 %
	<b>Missing Data</b>		
.	-	14	2.0 %
	<b>Total</b>	<b>707</b>	<b>100%</b>

Based upon 693 valid cases out of 707 total cases.

- Minimum: 1.00
- Maximum: 7.00

*Location:* 899-899 (width: 1; decimal: 0)

*Variable Type:* numeric

---

### W3Q131: The conditions of my life are excellent.

In this survey we focused on some negative aspects of life and health problems because these are important to address by public health and policy makers, but highly challenging life circumstances can also lead to significant positive change. Please rate your level of agreement with the following items.

Value	Label	Unweighted Frequency	%
1	Strongly disagree	67	9.5 %
2	Moderately disagree	67	9.5 %
3	Slightly disagree	85	12.0 %
4	Neither agree nor disagree	59	8.3 %
5	Slightly agree	133	18.8 %
6	Moderately agree	180	25.5 %
7	Strongly agree	103	14.6 %
	<b>Missing Data</b>		
.	-	13	1.8 %
	<b>Total</b>	<b>707</b>	<b>100%</b>

Based upon 694 valid cases out of 707 total cases.

- Minimum: 1.00
- Maximum: 7.00

*Location:* 900-900 (width: 1; decimal: 0)

*Variable Type:* numeric

---

### W3Q132: I am satisfied with life.

In this survey we focused on some negative aspects of life and health problems because these are important to address by public health and policy makers, but highly challenging life circumstances can also lead to significant positive change. Please rate your level of agreement with the following items.

Value	Label	Unweighted Frequency	%
1	Strongly disagree	60	8.5 %
2	Moderately disagree	71	10.0 %
3	Slightly disagree	82	11.6 %
4	Neither agree nor disagree	51	7.2 %
5	Slightly agree	123	17.4 %
6	Moderately agree	187	26.4 %

Value	Label	Unweighted Frequency	%
7	Strongly agree	118	16.7 %
	<b>Missing Data</b>		
.	-	15	2.1 %
	<b>Total</b>	<b>707</b>	<b>100%</b>

Based upon 692 valid cases out of 707 total cases.

- Minimum: 1.00
- Maximum: 7.00

*Location:* 901-901 (width: 1; decimal: 0)

*Variable Type:* numeric

---

### W3Q133: So far I have gotten the important things I want in life.

In this survey we focused on some negative aspects of life and health problems because these are important to address by public health and policy makers, but highly challenging life circumstances can also lead to significant positive change. Please rate your level of agreement with the following items.

Value	Label	Unweighted Frequency	%
1	Strongly disagree	47	6.6 %
2	Moderately disagree	61	8.6 %
3	Slightly disagree	76	10.7 %
4	Neither agree nor disagree	44	6.2 %
5	Slightly agree	133	18.8 %
6	Moderately agree	201	28.4 %
7	Strongly agree	130	18.4 %
	<b>Missing Data</b>		
.	-	15	2.1 %

### W3Q139: How many people did you list?

The following questions are about people who may have been helpful or supportive to you. For these next questions, first please write down for yourself a list of the initials or first names of as many people you could count on for everyday support over the past year. By everyday support, we mean things like when you need to discuss worries, share happiness, help with household chores, or someone to confide in or to share social activities with.

Value	Label	Unweighted Frequency	%
